# **Hollydale School Spiritual, Moral, Social and Cultural (SMSC) Policy**

September 2024

## **Introduction**

Hollydale takes its duty to promote the spiritual, moral, social and cultural (SMSC) development of pupils seriously, including the duty to promote British Values.

Our school has a distinctive identity and ethos, popular with parents and families, where the development of social, spiritual and emotional intelligence is as important as academic achievement.

The school aims to serve its community by providing an education of the highest quality within the context of its values: Respect, Responsibility, Relationships and Resilience.

The school mission statement, 'Working together to be the best that we can be' and the school values underpin all of the work that we do at Hollydale Primary not only through all the subjects of the curriculum but also through the ethos of the school and through the development of positive attitudes to learning and behaviour.

## **Principles**

Spiritual, Moral, Social and Cultural Development is crucial for individual pupils and important for society as a whole. It is the heart of what education is all about – helping pupils grow and develop as people and effective participants in modern Britain.

Spiritual, Moral, Social and Cultural Development is cross curricular and promotes the aims and principles of the policies for, Religious Education, Collective Worship, PSHE, Sex and Relationships Education, and Equal Opportunities These policies all underpin the Curriculum model, putting the child at the centre of all we do.

It is an expectation that all staff, in all subjects, can and should make a contribution to the Spiritual, Moral, Social and Cultural Development of pupils through the curriculum and through the use of appropriate teaching and learning strategies e.g. discussion, reflection, pupil participation, circle time and also through their own conduct.

The importance of relationships between all school staff, parents and governors is vital. These relationships will be characterised by mutual respect, by positive attitudes, by the willingness to listen and be listened to and by the valuing of all pupils.

## **Spiritual Development**

This relates to the quest for individual identity and the search for meaning and purpose in our existence. It leads towards the understanding of self and others. It has to do with feelings, emotions, attitudes and beliefs. It is not linked solely to a particular doctrine or faith and spiritual development is therefore accessible to everyone.

**Children are given opportunities to reflect upon the meaning of spiritual experiences. Examples of experiences commonly regarded as spiritual include:**

- Curiosity and questions
- Awe and wonder
- Connection and belonging
- Heightened self-awareness
- Prayer and worship
- Deep feelings of what is felt to be ultimately important
- A sense of security, well-being, worth and purposefulness

**Our school supports children's spiritual development by:**

- Giving children the opportunity to explore values and beliefs, including religious beliefs, and the way in which they impact on peoples' lives
- Encouraging children to explore and develop what animates themselves and others
- Giving children the opportunity to understand human feelings and emotions, the way they impact on people and how an understanding of them can be helpful
- Developing a climate or ethos within which all children can grow and flourish, enjoying individual liberty and mutual respect

- Accommodating difference and respecting the integrity of individuals, including tolerance of those with different faiths and beliefs
- Promoting learning opportunities which value children's questions, encourage deeper questions and give them space for their own thoughts, ideas and concerns

## **Moral Development**

Children are encouraged to understand the need for a common code based on the school values of treating others as they would wish to be treated and the school values. At Hollydale, we work towards an understanding of what is right and wrong. From this basis they may develop the ability to make judgements and to become increasingly responsible for their own actions or and behaviour.

### **Our school supports children's moral development by:**

- Providing a clear moral code as a basis for behaviour which is promoted consistently through all aspects of the school
- Promoting racial, religious and other forms of equality
- Challenging stereotyping
- Giving pupils opportunities across the curriculum to explore and develop moral concepts and values – for example, personal rights and responsibilities, truth, justice, equality of opportunity, right and wrong
- Developing an open and safe learning environment in which pupils can express their views and practise moral decision making
- Rewarding expressions of moral insights and good behaviour
- Recognising and respecting the codes and morals of the different cultures represented in the school and wider community
- Encouraging pupils to take responsibility for their actions, for example, respect for property, care of the environment, and developing codes of behaviour
- Providing models of moral virtue through literature, humanities, sciences, arts and assemblies; reinforcing the school's values through images, posters, classroom displays, etc. and monitoring in simple ways, the success of what is provided

## **Social Development**

This enables pupils to become conscientious participants in their family, class, school, the local and wider community and make a positive contribution to the lives of others in society. Within this there should be a balance of the positive, satisfying elements of belonging to a group or society along with the demands, obligations and cooperation such membership requires.

### **Our school develops pupil social development by:**

- Identifying key values and principles on which school and community life is based
- Fostering a sense of community, with common, inclusive values
- Promoting racial, religious and other forms of equality
- Encouraging pupils to work co-operatively

- Encouraging pupils to recognise and respect social differences and similarities
- Providing positive experiences to reinforce our values as a school community –for example, through assemblies, team building activities, residential experiences, school productions
- Helping pupils develop personal qualities, which are valued in a civilised society, for example, thoughtfulness, honesty, respect for difference, moral principles, independence, interdependence, self-respect and awareness of others' needs
- Providing opportunities for engaging in the democratic process and participating in community life
- Providing opportunities for pupils to exercise leadership and responsibility
- Providing positive and effective links with the world of work and the wider community

## **Cultural Development**

At the heart of cultural development lies the necessity to develop a sense of personal identity, whilst at the same time acquiring awareness, understanding and tolerance regarding the cultural traditions and beliefs of others.

### **Our school develops cultural development by:**

- Extending pupils' knowledge and use of cultural imagery and language
- Encouraging them to think about special events in life and how they are celebrated
- Recognising and nurturing particular gifts and talents; providing opportunities for pupils to participate in literature, drama, music, art, crafts and other cultural events and encouraging pupils to reflect on their significance
- Reinforcing the school's cultural links through displays, posters, exhibitions, etc.
- Developing partnerships with outside agencies and individuals to extend pupils' cultural awareness, for example, theatre, museum and gallery visits
