4. Planning

At Hollydale Primary School we offer a curriculum which is broad, balanced and creative; which builds on the knowledge, understanding and skills of all children, whatever their starting points, as they progress through each Key Stage. The curriculum incorporates the statutory requirements of the new National Curriculum 2014 and other experiences and opportunities which best meet the learning and developmental needs of the pupils in our school. The aim of our curriculum is for pupils to have the requisite skills to be successful, independent and motivated learners in readiness for their next stage of education.

Lessons will be planned well to ensure good short-, medium- and long-term progress.

5. Learning environment

When pupils are at school, learning will take place in spaces such as classrooms, outdoor spaces, halls and library.

These spaces will be kept safe, clean and ready for pupils to use them.

They will be arranged to promote learning through:

- Clearly labelled, comfortable and attractive zones such as reading corners and quiet areas
- Display of material pupils have previously learned about and can identify
- Accessible resources for learning such as books, worksheets and other equipment
- A seating layout that allows everyone to see the board and participate
- Displays that celebrate and support pupils' learning

6. Differentiation

Teaching and learning at our school will take the backgrounds, needs and abilities of all pupils into account. We will differentiate learning to cater to the needs of all of our pupils, including:

- Pupils with special educational needs (SEND)
- Pupils with English as an additional language (EAL)
- Disadvantaged pupils
- Pupils that are gifted and talented

We use strategies such as:

- Using support staff effectively to provide extra support
- Working with our SEN co-ordinator (SENCO), our pupils with SEND, and their parents to establish the appropriate level of material to support these pupils to make good progress
- Using ability groupings for certain subjects where appropriate
- Providing writing frames, word banks any other relevant resources such as number lines and place value resources in maths.

7. Home learning

Home learning, or homework, will support pupils to make the link between what they have learnt in school and the wider world. It's most effective when done in a supportive, secure environment, with focused time set aside.

Home learning will be reasonable in challenge and length, and its purpose will be clearly outlined alongside each task.

8. Marking and feedback

Feedback will clearly explain to pupils what they're doing well and what they need to do next to continue to improve their work.

Regular feedback is given in a range of ways including verbal feedback or written feedback in pupils' exercise books.

9. Assessment, recording and reporting

We will track pupils' progress using a combination of formative and summative assessment through ongoing formative assessment, informal summative assessment at the end of each term and formal summative assessment at the end of each Key Stage.

We will provide regular targets for pupils, and provide termly reports against these at parents' evenings.

10. Monitoring and evaluation

We will monitor teaching and learning in our school to make sure that all of our pupils make the best possible progress from their starting points.

School leaders will monitor and evaluate the impact of teaching on pupils' learning through:

- Conducting learning walks
- Reviewing marking and feedback
